ABOUT THE COMPETITION

The Maharashtra National Law University, Nagpur takes pride in presenting to you the first edition of National Moot Court Competition, 1st MNLU, Nagpur National Moot Court Competition, 2022 (MNLUN-NMCC). The competition shall seek the participation of various teams from different law schools all across the nation.

The theme of the Competition is an intersection between Constitutional Law and Technology law, which was chosen with an intention to stimulate discussion about the emerging area of law. The problem concerns regulation of OTT platforms and jurisdiction of Supreme Court and the High Courts regarding conflict between free speech and state's interference with the regulation of the content created and being shared on such platforms. The problem concerns with Constitution of India, Information Technology (Intermediary Guidelines and Digital Media Ethics Code) Rules 2021 and Cinematograph Act 1952.

Vice Chancellor's MESSAGE

“

It is my privilege to announce the first edition of the MNLU, Nagpur-National Moot Court Competition, 2022. MNLU, Nagpur has committed itself towards providing a congenial environment for growth and development of students.

Mooting is an integral part of the law school experience and cannot be equated to any other competition. It enhances essential advocacy skills such as drafting, researching, and communication.

We not only encourage our students to put their minds to test but also foster them to create a similar environment for students across the country. This year in the first edition of the MNLUN National Moot Court Competition, 2022 the focus is on Technology Law. The previous decades have experienced a boom in newer kinds of technologies, be it Data Protection, Artificial Intelligence, or Data Mining and with it has created scope for interpretation of its nature, related rights and duties and more. MNLUN aims to tap into the potential afforded by Law and Technology alongside its offshoots. The 1st MNLUN National Moot Court Competition, 2022 aims to provide a platform and an opportunity to the future generation of lawyers to improve both their written and oral advocacy skills in this competitive field of law. The National Moot Court Competition, 2022 has a holistic structure that provides the participants with valuable training, experience, and feedback while at the same time acquainting them with the practical experience of courtroom proceedings. The university has committed itself to the growth of the students and legal education in the country. It shall continue on this endeavor to put in all the efforts to nurture and promote such competitions for the welfare of law students. With this virtually-platformed venue, we look forward to hosting an intellectually stimulating competition.
